Fine and Delicate Wines

“Wine is one of the most civilized things in the world and one of the most natural things of the world that has been brought to the greatest perfection, and it offers a greater range for enjoyment and appreciation than, possibly, any other purely sensory thing.”

*Ernest Hemingway
Death in the Afternoon*

The provenance of these wines are accountable and accurate. This includes ideal storage conditions in our temperature controlled in-house cellar. We nitrogen gas our wines by the glass nightly, and use adaptive thermostats to keep our white wines by the glass at optimal serving temperature. Enjoy with confidence!

We are proud to serve and decant all of our reserve list wines with the top of the line Riedel “Sommelier Series” glassware.

Robert Parker Jr., the king of wine reviewers, said, “The finest glasses for both technical and hedonistic purposes are those made by Riedel. The effect of these glasses on fine wine is profound. I cannot emphasize enough what a difference they make.”
